

ACTION BULLETIN

TO: All Adult and Dislocated Worker Workforce Innovation and Opportunity Act (WIOA) Funded Service Providers

DATE: 4/11/2023

**SUBJ: LOCAL BOARD DETERMINATION (LBD) TRAINING
CALJOBS ACTIVITY CODE 330 – REVISION #4**

PURPOSE OF BULLETIN:

The purpose of this bulletin is to provide **updated** guidance regarding the use of CalJOBS Enrollment Activity Code 330-Local Board Determination (LBD) Training. This CalJOBS Enrollment Activity Code is allowable for WIOA-funded Adult and Dislocated Worker programs and in some instances for programs funded through discretionary or special project grants.

Modified language is displayed in **bold** font.

CITATIONS:

- Employment Development Department’s (EDD) Workforce Services Information Notice (WSIN) 17-09

BACKGROUND:

On September 29, 2017, the State of California, Employment Development Department (EDD) issued WSIN 17-09 regarding the use of CalJOBS Enrollment Activity Code 330-Local Board Determination Training which is defined as follows:

Activity Code	Code Title	Code Definition
330	Local Board Determination Training	A training program that can bypass the California ETPL ¹ requirement based upon the determination of the Local Workforce Development Board (LWDB) for reasons such as higher education, lack of providers, barriers to employment, etc. This activity code requires staff to provide justification in CalJOBS under case notes.

¹Eligible Training Provider List

Historically, the Workforce Investment Act (WIA) and WIOA-funded training opportunities have been restricted to training providers who have been vetted and included on the State of California's ETPL.

The process to apply and be approved for inclusion on the ETPL has been cumbersome including maintenance of a 70% job placement rate. Generation of the placement rate would require local education agencies to track and report job placements for all individuals who attended any program they wished to include on the ETPL. This type of tracking and reporting is not standard for local education agencies and presents a general hardship for training providers - especially for adult education institutions whose primary focus is not necessarily workforce development programs.

As is evident in the definition, local Workforce Development Boards must provide approval prior to allowing service providers to refer WIOA participants to training providers not listed on the ETPL.

BOARD ACTION:

At its May 10, 2018 meeting, the Alameda County Workforce Development Board (ACWDB) approved the use of CalJOBS Enrollment Activity Code 330-Local Board Determination Training in specific instances – which are outlined in the Policy and Procedure sections below.

Subsequently, at their March 9, 2023 meeting, the ACWDB approved an amendment to this policy – including an option for a training provider to receive a “blanket waiver” when specific training programs have already been approved through the LBD waiver process. The specifics of these new amendments will be included in this policy and go into effect April 1, 2023.

The policy and procedure for use of CalJOBS Enrollment Activity Code 330-Local Board Determination Training will remain in effect unless or until:

- EDD inactivates the enrollment code or determines that it is no longer required; or
- The ACWDB determines the enrollment code is no longer appropriate or necessary.

In either event, official notification will be provided.

POLICY:

Use of CalJOBS Enrollment Activity Code 330-Local Board Determination Training will be allowed for WIOA-funded Adult and Dislocated Worker programs and in some instances for programs funded through discretionary or special project funds.

CalJOBS Enrollment Activity Code 330-Local Board Determination Training will be allowed when either of the following two conditions have been met:

Condition #1:

- A. When the training leads to the attainment of an industry-valued certificate, credential, or degree; and
- B. When the training is focused toward one of ACWDB's Industry Sector and Occupational Framework (ISOF) industries **or occupations** (or a successor sector strategy); and
- C. When there is a general lack or limited number of training providers listed on the ETPL that are located in ACWDB's Local Area or within a reasonable travel distance for the participant or the cost of training listed on the ETPL exceeds the standard training cap applied to all WIOA-funded training opportunities within ACWDB's Local Area; **and**
- D. When the training provider is a local education agency (LEA) such as:
 - i. A community college
 - ii. An adult school
 - iii. A Regional Occupation Center/Program (ROC/P)
 - iv. A school in the UC or CSU systems, including extension courses

Condition #2:

- A. When the training leads to the attainment of an industry-valued certificate, credential, or degree; and
- B. When the training is focused toward one of ACWDB's Industry Sector and Occupational Framework (ISOF) industries **or occupations** (or successor sector strategy); and
- C. When the individual participant has significant barriers to employment that can be more effectively addressed during training by an institution or training provider that possesses specialized knowledge or has built-in capacity to provide the assistance required in order for individuals with special needs to succeed.

Cohorts:

This LBD Training policy applies to training cohort situations as well. A cohort may be established when the LBD Training is being requested on behalf of more than one participant. Instructions are included in the "Procedures" section below.

Waivers:

Waivers to this LBD Training policy will be considered in the event that only one of the requirements under either condition has not been met. **The unmet criteria may NOT be:**

- 1. Inclusion in ACWDB's ISOF Policy**
- 2. Attainment of an industry recognized credential, certificate, or degree**

Consideration for approval of requested waivers will take several factors into account which **may** include, but are not limited to:

- Any barriers to employment being experienced by the participant(s)
- The availability of employment opportunities that pay a wage meeting or exceeding the wage reflected in ACWDB's ISOF policy upon successful completion of the proposed training program
- The availability (or lack) of training providers on the ETPL
- The training providers level of engagement within industry sector circles **or tables**
- The location of the training program or provider and accessibility via transportation or through distance learning (virtually)
- Other benefits or wrap-around services offered through the training provider

Career Coaches wishing to request a waiver of one of the requirements on behalf of their participants, should submit a detailed narrative that provides justification for consideration of the waiver request. The waiver request should include all relevant points (as referenced in the list above) as well as any additional points that are pertinent to the request.

Blanket Waivers:

Once a waiver has been granted for a specific training program as offered by a specific training provider, and a second participant has been determined appropriate and qualified for a referral to that same program, then the ACWDB may issue a blanket waiver allowing any subsequent participants be allowed to attend that program without requiring the specific program to be subject to the entire LBD Training Waiver process.

A blanket waiver may be granted for a specified period of time as long as there are no substantive modifications to the training program content, duration, or cost. The timeframe during which the blanket waiver will be valid will be either: 1) six months from the date the blanket waiver was issued; or 2) the end of the program year – whichever comes first.

To ensure system awareness of training programs that have been approved through the LBD Training blanket waiver process, ACWDB staff will create a document on a shared drive where program staff may review blanket waivers that are currently active. The list will also be shared at the Bi-Monthly Meeting of all Adult and Dislocated Worker service providers.

Additionally, Career Coaches must offer verification through LBD Training Blanket Waiver Request Form that there have been no substantive modifications to the training program content, duration, or cost since it was last approved.

Blanket Waivers will be granted on a case-by-case basis and are not guaranteed. If the original waiver was granted based on unique and specific participant needs and/or situations, then a Blanket Waiver may not be appropriate or approved.

PROCEDURE:

At least three weeks prior to the planned begin date of the intended training program and upon determination by a Career Coach that the appropriate conditions exist to allow the use of

CalJOBS Enrollment Activity Code 330-Local Board Determination Training, (including a determination that training funds are available to cover the cost of training); the following steps must be followed:

Step #1:

Career Coach:

- A. Complete the CalJOBS Enrollment Activity Code 330-Local Board Determination Training Request Form (Attachment 1 to this Bulletin), making sure to complete ALL sections of the form. **NOTE: For a cohort situation (where more than one participant will be attending the same program for the same dates and costs), instead of including the participant's name on the form, include "See Attached Roster" and attach a roster which includes the following:**
 1. **List of all participants planning to attend**
 2. **Each participant's CalJOBS-assigned State Identification Number**
 3. **Funding stream for each participant (Youth, Adult, or Dislocated Worker)**
 4. **The cost associated to each participant**
 5. **The training beginning and end dates for each participant**
- B. View the appropriate tab of the Grants Checkbook to determine the availability of training funds to support the training activity. If sufficient funds exist within the Grants Checkbook in the appropriate funding stream, the Career Coach may proceed to step #2.

Step #2:

Career Coach: Obtain Site-Manager approval by securing the appropriate signature on the Request form.

Step #3:

Career Coach: Submit the following items:

1. LBD Training Request Form
2. The LBD Training Worksheet
3. Any relevant ETPL printouts (**to support claims of: limited availability; high cost; access to physical locations; or distance learning opportunities; etc.**)
4. Narrative – including the details about the training program and/or provider being requested
5. Any additional relevant forms/documents/information

Forward required items to the attention of the following ACWDB staff:

- Your assigned Workforce Services Technician or MIS Administrator
- AND**
- Your assigned Program Financial Specialist (PFS or Program Liaison).

Step #4:

ACWDB staff: Approval or denial of requests should be granted by ACWDB within **one week** from the date of submittal.

Step #5:

Denials will include rationalization behind the determination and allow for a response from the Site-Manager or Career Coach in the event some part or detail of the initial request was misrepresented or misunderstood.

<u>Approval:</u>	<u>Denial:</u>
ACWDB staff will return the request form with all required signatures indicating approval.	In the event the request is denied, the Career Coach and/or Site Manager will have an opportunity to respond with additional information and/or documentation. If the request is ultimately denied, the participant may opt to consider a training provider listed on the ETPL.

Step #6:

Career Coach: Similar to the Individual Training Account (ITA) process, the Career Coach will submit the LBD Training Worksheet to their assigned Workforce Technician.

Workforce Technician will:

- Encumber the funds within the appropriate Grants Checkbook(s)
- Add the enrollment activity code(s) into the CalJOBS system
- Submit all required forms and worksheets to ACWDB’s fiscal agent

Local Area Monitoring Responsibilities:

Trainings provided to WIOA participants through the enrollment activity code 330-Local Board Determination Training will be subject to the same forms of monitoring as all other WIOA-funded trainings.

Any discrepancies that arise between this policy/procedure and any updates to federal or state provisions will default to the current minimum federal and state regulations and guidance available. As policies or regulations are updated, the most current versions of bulletins will appear on our website at www.acwdb.org.
