

Rising Sun Center for Opportunity

About Us & Job Openings (Spring 2024)

About Us

Rising Sun Center for Opportunity is a premier workforce development and community resilience non-profit serving the Bay Area and San Joaquin County. We offer two programs, Climate Careers and Opportunity Build, that give youth and adults the training and experience they need to access sustainable career pathways and maximize their potential. For more information about Rising Sun, please visit www.risingsunopp.org

The Climate Careers Program

Our Climate Careers program offers a no-cost service, the Green House Call, to local households. Green House Calls consist of an energy and water audit and installations of energy- and water-saving devices. Climate Careers employs youth Energy Specialists, ages 15-22 from low-income households, to perform these audits and installations. Our innovative mission combines residential energy efficiency services with youth employment, development, and pathways to success.
